The occupation theophy rediculate with guiter play and english communicate and ocupation room enter with being each conversation in Hiroshima prifecture callege. This ocupation systemized with one person open from theraphyist to ocupate of some play on each target in one's mind. Therefore, this ocupate with guiter one aimd without day after night of dream and day of care for mind in disigrate with dizzy of thought out of this for one's aimd of target archived with dream and play with day's works, and this works upon on jobs metamorfozed to decived with one's dream and forget one's physics symtonianed without non thoughts. These winned with play on ocupation therapy in day works and true of sleep with night without dreams, this archivezed with physics symponians and dream decieved with works and jobs and dream archieved from struggled with works and study between non putting on mind with saddled and hasshed with enjoyed of this jobs. This routs of archived with first of play with ocupation on guiter and ocupation on cooks, moreover ocupation room with conversation with interactive of ocupation theraphist, this personal contactive conversation of each mind on play with some goals of this system archives. This point of goals setting is oneselve go to jobs of room and this room one' works there. Oneselve's legs use for job and work place from commuative of public system. This aimed is independent of human mind and jobs rehearshals training. And this goal set from play on some jobs and some works, and concluded with this goals set on same time with jobs and works of any archived with gotten with aformation in first inspiration with ocupation aimd of goals set from first counseling. This aimd of first is speaks of english and guiter converted to chanks of reading method and super reading system begin with chanse exchanged from speaking english to SRS Reading other goals changed in 2008,2009 years. This changed reading two target gutten of speaking and Super reading system to get the archived with one's dream attachment results. This ocupation investigate with one's dream be archived with target gutten with this two of speaks of english and SRS Reading system played with 2008,2009 years, after all, one's dream gutten results decived with dream oneselve's archived concluded system established in.
